The South Dakota Department of Transportation (SDDOT) is presenting on the above project and asking for public input. Due to limitations on public gatherings recommended by the Centers for Disease Control, the department is posting project information on the department's website rather than presenting documents at an in-person public meeting. Members of the public may submit questions or comments about the project by email or by calling 605-773-1973 and providing verbal comments. Information will be available on the acquisition of right-of-way and relocation assistance. This project is being developed in compliance with state and federal environmental regulations.

Notice is further given to individuals with disabilities that this public meeting is being held in a physically accessible place. Any individuals with disabilities who require a reasonable accommodation to access the information on the department's website may submit an accommodation request to the department's A.D.A. coordinator by calling 605-773-3540 or 1-800-877-1113 (Telecommunications Relay Services for the Deaf). All persons interested in this project are invited to attend this meeting to share your views and concerns any time between March 5, 2021 and April 9, 2021.
