

Section M – Pavement Marking notes have been updated.

On Sheet M2, in the HIGH BUILD WATERBORNE PAVEMENT MARKING PAINT note, the 3rd paragraph was modified to reflect that no further testing of the paint would be required.

On Sheet M2, in the RATES OF MATERIALS FOR HIGH BUILD WATERBORNE PAVEMENT MARKING PAINT note, rates for solid 4" line were clarified for chip seals and other surfaces.

On Sheet M4, in the first bullet under Sample of the PREFORMED THERMOPLASTIC PAVEMENT MARKING note, it was clarified that the Contractor will provide a sample of the preformed thermoplastic pavement marking to the Region Traffic Engineer.
