The SDDOT is proposing to reconstruct SD Highway 73 from South of the White River to Kadoka in 2024. Due to limitations on public gatherings recommended by the Centers for Disease Control, the department is posting project information on the department's website rather than presenting documents at an in-person public meeting. Members of the public may submit questions or comments about the project by completing an online form or by calling 605-773-5409 and providing verbal comments.

Any Individuals with disabilities who require a reasonable accommodation to access the information on the department's website may submit an accommodation request to the department's A.D.A. coordinator by calling 605-773-3540 or 1-800-877-1113 (Telecommunications Relay Services for the Deaf).
