Public Meeting
SD Highway 44
From E. Jct. US281 to SD37
Douglas & Hutchinson County

PH 0044(184)330  PCN 04K0

Darin Johnson
Road Design Engineer

May 22, 2017

Purpose of the Meeting

- Involve the public in the planning and design process
- Provide a Project Overview
  - Background Information
  - Proposed Improvements
  - Project Schedule
- Gather Input and Comments
Project Limits

Project Length = 17.7 Miles

Background Information

- Grading & Structures in 1959 & 1961
- Process In Place / AC Surfacing in 2009
- Chip Seal in 2012
- Asphalt Crack Seal in 2014
Traffic – SD44

- 2016 Average Daily Traffic (ADT) = 1470
- 2041 Projected ADT = 1837
- 9.9% Average Truck Traffic

Crash History – SD44

- 5 Year Period from 2012 to 2016
  - 20 Reported Crashes
    - 12 Animal Hit
    - 1 Rear End
    - 1 Angle-Intersection
    - 1 Run Off Road
    - 5 Other
  - 0 Fatalities / 2 Injury Crashes
  - Weighted Crash Rate = 0.50

- Rural Minor Arterial
  - Statewide Weighted Crash Rate = 1.76 crashes per million vehicle miles of travel
Highway Deficiencies

- Narrow Shoulders – 3 feet

Proposed Improvements

- Widen shoulders to 8’ / AC surfacing.
- Grading of ditches and backslopes.
- Extend drainage structures (pipes & box culverts). 5 bridges to be retained.
- 2 CMP culverts will be replaced.
- Note: Center 27’ of roadway to be retained.
Proposed Typical Section

To provide safe, efficient access to streets and highways

Limit number of direct accesses to major roadways

Proposed access locations will be discussed at Landowner Meetings

Access Management

See Handout
Right of Way (ROW)

- Existing width - 150 feet (75 feet on each side of highway)
- Purchase additional ROW – At four locations to provide 75 feet (or 65 feet to minimize impacts)
- Temporary easements as needed for construction

Encroachments

- Encroachments - Private property located within the public ROW
  - Federal Highway Regulations
  - Safety
- Examples of encroachments
  - Signs
  - Private Use (Parking)
  - Landscaping Items
- Owners of encroachments will be notified by the Mitchell Area Office
Utility Coordination

- Some utilities may need to be relocated
- Utility companies may negotiate easements with landowners as needed
- Existing utilities may include:

  - Northwestern Energy
  - Western Area Power Adm.
  - Northern Natural Gas
  - Douglas Electric
  - Southeastern Electric
  - East River Electric
  - Randall Community Water
  - Goldenwest Communications
  - Santell Communications
  - B-Y Water
  - City of Parkston

Initial meeting held with companies on April 18, 2017

- Any known private utilities?
  - Waterlines
  - Drainfields
  - Septic Tanks
  - Underground Storage Tanks / Power Lines

- Contact SDDOT
The National Environmental Policy Act of 1969 (NEPA) requires that federally funded projects be reviewed to determine the social, economic, and environmental consequences of the action. Public involvement is beneficial to the implementation of a project’s NEPA process. This project is being developed in accordance with applicable State & Federal environmental regulations. Your input on the following will aid in the project’s development and NEPA review.

**Section 4(f) Property**
The project is being reviewed to determine potential impacts to Section 4(f) properties, i.e. publicly owned parks, recreational areas, wildlife & waterfowl refuges, or public & private historical sites. **No Section 4(f) properties have been identified along the project as of this time.**

**Contaminated Materials**
**No contaminated materials have been identified along the project, to date.** If you have information on contaminated materials, or underground/above ground storage tanks that could be encountered during construction, please let us know.

---

**Environmental, Social & Economic Concerns**

**Section 106**
Section 106 of the National Historic Preservation Act requires Federal actions to take into account the effects of project undertakings on historic properties. **A cultural resources survey will be conducted on the project to determine if historic / archaeological resources will be impacted by the project.**

**Wetlands**
Federal regulations require that unavoidable wetland impacts caused by highway construction be mitigated. **Wetland impacts have not been determined yet for this project.** If you are interested in creating or restoring wetlands on your property, please complete the Wetland Mitigation Registry Form in the handouts.

See Handout
The U.S. Fish & Wildlife Service will review the project to determine if it will impact the following species that are known to occur in Douglas and Hutchinson Counties:

- **Birds:** Whooping Crane, Red Knot

- **Mammals:** Northern Long-Eared Bat

See Handout
Threatened & Endangered Species
The U.S. Fish & Wildlife Service will review the project to determine if it will impact the following species that are known to occur in Douglas and Hutchinson Counties:

- Aquatic: Topeka Shiner

Environmental, Social & Economic Concerns

Awaiting a final determination. But, at this time no adverse effects are anticipated to these species by the project.
Construction Traffic Control

- Traffic will be maintained on SD44.
- Single lane with flaggers will be necessary.
- Access will be maintained to adjacent properties.
- An over width vehicle detour will be provided via US281, US18 & SD37.

Landowner Meetings

- Fall 2017
  - Will be contacted by SDDOT to schedule appointment
- Held with individual landowners adjacent to the project to discuss:
  - Fence
  - Drainage
  - Temporary easements / ROW acquisition
  - Driveway location(s) / width(s)
  - Borrow / waste sites

See Handout
