- 2) Complete the top part of the application form and submit it to the Area Engineer. Also, provide any additional information requested. Such information could include:
 - a) An access approach design
 - b) A vicinity map showing the location of the proposed access
 - c) Estimated traffic volumes for the property
 - d) Three copies of a proposed site plan for the property
 - e) A traffic control plan
 - f) Proof of liability insurance
 - g) A detailed development plan
 - h) A drainage plan
 - i) A traffic impact study
 - j) A revegetation plan
- 3) Allow time for review of your application. If not completed within 30 days, a Department employee will contact you with an update on the status of your application.
- 4) If approved, construct and maintain the access approach as indicated in the permit and standard conditions.
