

Section C – Traffic Control Notes have been updated.

On Sheet C2, in the GENERAL TRAFFIC CONTROL note, the sentence requiring that all construction operations will be conducted in the general direction of traffic movement was removed.

On Sheet C5, in the TRAFFIC CONTROL FOR PCCP REPAIR note, the sentence requiring that Type B warning lights be placed on top of FLAGGER (W20-7) symbol signs was changed to be an option as directed by the Engineer.

On Sheet C9, in the BARRIER MOUNTED LINEAR DELINEATION SYSTEM PANELS note, optional text was added to the first paragraph saying that the LDS panel may be replaced by a 4" x 8" delineator of the appropriate color mounted on the top of the Traffic Control Movable Concrete Barrier at the discretion of the Engineer.

On Sheets C9-C11, notes were added for FLEXIBLE SIDEWALK; TEMPORARY PEDESTRIAN ACCESS ROUTE, FLEXIBLE SIDEWALK; TEMPORARY SIDEWALK, FLEXIBLE SIDEWALK; and FLEXIBLE SIDEWALK INSTALLATION GUIDE FOR PARTIAL WIDTH CONSTRUCTION.

Section C – Traffic Control Standard Note file may be downloaded from [here](#).
