

Section B – Grading Notes have been updated.

The following note revisions apply to all projects to be let October 7, 2026 or later. These revisions correspond to changes made in the 2026 Electronic Standard Specifications.

Throughout the notes, the term “Granular Base Material” was changed to “Granular Material”.

On Sheet B13, throughout the **UNDERDRAIN** note, “corrugated polyethylene tubing” was changed to “corrugated polyethylene drainage tubing”.

On Sheet B13, in the **DRAIN TILE** note, the Specification reference in the 3rd paragraph was changed from Section 990 to 991.

On Sheet B14, most of the **CELLULAR GROUT** note was removed because it duplicated portions of new Specification Section 463. A reference to Section 463 was added to the note.
