The South Dakota Department of Transportation gives public notice of its' policy to uphold and assure full compliance with the non-discrimination requirements of Title VI of the Civil Rights Act of 1964 and related Nondiscrimination authorities. Title VI and related Nondiscrimination authorities stipulate that no person in the United States of America shall on the grounds of race, color, national origin, religion, sex, age, disability, income level or Limited English Proficiency be excluded from the participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving Federal financial assistance.

Any person who has questions concerning this policy or wishes to file a discrimination complaint should contact the Department's Civil Rights Office at 605-773-3540.

SDDOT started taking traffic counts beginning with the 50th Rally in 1990. Counters were set at 18 locations, 6 of those locations counting traffic entering Sturgis. 2 locations were added in 2002, 2 more in 2003, and the last 2 locations added in 2005 making a total of 24 locations counted. . Locations 7 and 8 were deleted beginning in 2012, making it 22 locations currently counted every year.

A new road, Ft Meade Way, was constructed by Meade Co in 2016. It connects I-90 Exit 37 to SD 34 by the Buffalo Chip Campground. Site 29N & 29S was added this year to the count locations.

Beginning in 2025, only the 9 entering locations are going to be counted. Historical data for the other count locations will still be included in this report going forward.

Portable road tube counters are used at each location. The counters record one vehicle for every two axles that hit the road tube. All counters and road tubes are checked daily during the week to ensure everything is counting correctly. Entering data is collected daily during the week.

Traffic can enter Sturgis at 9 locations. These are:

1. Site 3: I-90 Exit 32 WB offramp
2. Site 6: I-90 Exit 32 EB offramp
