

**DEPARTMENT OF
TRANSPORTATION**

**Quarterly Environmental Status Report
Through
January 1, 2026**

SUMMARY: The Quarterly Environmental Status Report (Report) is prepared in accordance with the “Programmatic Agreement between FHWA and the SDDOT Regarding the Department of Transportation’s Process for Determining Categorical Exclusions” formalized on February 5, 2021. A copy of this agreement may be reviewed at: <https://dot.sd.gov/doing-business/environmental/agreements>.

Under the terms of this agreement, for actions listed under 23 CFR 771.117(c) and 117(d) which do not involve any unusual circumstances as defined under 23 CFR 771.117(b), the SDDOT may determine and certify whether preparation of an Environmental Assessment (EA) or Environmental Impact Statement (EIS) under the National Environmental Protections Action (NEPA) is required. Please contact **Chad Babcock**, SDDOT Environmental Manager at chad.babcock@state.sd.us with any questions or comments.

An environmental classification of CE 1, 2, or 3 indicates the level of NEPA review performed by the SDDOT in determining the proposed action is excluded from the requirements for preparing an Environmental Assessment (EA) or Environmental Impact Statement (EIS).

CE 1: An environmental classification of CE 1 indicates the action is one the FHWA and SDDOT have agreed; based on past experience with similar actions; does not typically involve significant environmental impacts. A project shown as a CE 1 with date indicates SDDOT has determined, through their environmental review, the action does not involve unusual circumstances. Further, in accordance with Appendix A of the agreement, the action is certified as a CE by the SDDOT with limited coordination and documentation.

CE 2: An environmental classification of CE 2 indicates the action is one the SDDOT, through coordination with the public, resource agencies, and other interested parties, has determined will not individually or cumulatively have a significant impact to the environment and does not involve any unusual circumstances. A project identified as a CE 2 with date indicates the SDDOT certified the action as a CE on the SDDOT’s Environmental Checklist with a summary of environmental commitments and other appropriate supporting documentation.

CE 3: An environmental classification of CE 3 indicates the action is one the SDDOT, through coordination with the public, resource agencies, and other interested parties, has determined will not individually or cumulatively have a significant impact on the environment. The action does however involve one or more unusual circumstances identified in 23 CFR 771.117(b). A project identified as a CE 3 with date indicates the SDDOT certified the action as a CE and the FHWA has reviewed and approved the environmental classification based on SDDOT’s Environmental Checklist, summary of environmental commitments and other supporting documentation.
