Office of Project Development – Bid Letting

October 2026

2025 SDDOT Bid Item Price Report

To All Interested Parties:

The South Dakota DOT Bid Item Price Report is assembled each year to provide bid data representing bid pricing received for all construction contracts let and awarded throughout the year. The report includes unit bid price averages for major categories of work (*groups of items*) and compares the current years quantities and pricing to the data from four years earlier. The report also includes data for each individual bid item including: the total quantity bid; the total low bid cost; the average unit low bid price (*price submitted by the bidder awarded the contract*); the average unit price of the lowest three bids received; and the number of times the bid item was included in a contract.

The bid data provided for the 2025 report is representative of: 152 contracts let and awarded through the South Dakota Electronic Bid System (SDEBS); 657 bids received; and \$588.6 million in contract awards, which was 9.39 percent, or \$61.0 million below the Engineer's Estimate. In addition, it should be noted that bids for 5 contracts were rejected during 2025 and this report does not contain bid data from those contracts.

We hope you find the 2025 SDDOT Bid Item Price Report informative and helpful.

Sincerely,

SDDOT Bid Letting Staff
